

## Food processing company LTD Kumisi XXI invests in new machinery

With a loan and grant from the EU4Business-EBRD Credit Line, LTD “Kumisi XXI” financed the procurement and installation of egg grading and packaging machine MOBA 2500. The new machinery facilitates high quality sorting-packaging processes, ensures food safety and increased hygiene in production process. The project allowed the company to implement HACCP practices, ISO 22000:2005 Certification, compliance with EU and international production standards and to keep personal hygiene and labor safety rules in the factory. After project verification the company received 15% of the loan amount as a grant cashback.
